

Dear friends,

We still need your help to keep the tradition of Post Prom alive for our students! Please take a minute to read the entire message below.

It truly is a desperate situation! Post Prom 2026 will be our 24th event and without new volunteers stepping into leadership roles **now**, we are in danger of not being able to run Post Prom in 2027 and beyond! We do not want to see this tradition end.

We need your help to fill these open positions and/or help us spread the word about the need to fill them - So share this on social media, via email, text, in person with your friends, family, neighbors, parent groups, places of worship, your child's sports teams, Scouts, other clubs, etc! **Word of mouth is the number one way we get new committee chairs and volunteers!**

Also, we can't stress this enough - **It is best if the new chair people have children in the lower grades, K-8**, so they will stick around for a few years to help keep this going.

Right now, we are in **urgent need of filling one open chair position immediately**, and several others need shadows this year so they can learn from the current chairperson and be ready to take over next year.

The good news:

- Each position can be shared with a friend—you don't have to do it alone.
- The time commitment is very manageable. Our committee meets just **once per month at the high school**.
- You'll have plenty of support and guidance from current chairs and fellow volunteers.
